

Flexsteel specifically denies that the Dygert Seating Division of Flexsteel ever purchased any adhesives in bulk which contained TCE. Based on current information and knowledge, the adhesives used by the former Dygert Seating Division of Flexsteel which were purchased in bulk, 55-gallon drums included some or all of the following: Premium Adhesive 30141-NFT, Premium Adhesive 30141-MS, and Premium Adhesive #7777. None of these adhesives

contained TCE. In 2001, the former Dygert Seating Division of Flexsteel replaced the Premium Adhesive with a two-part water-based adhesive, called Fastbond Contact Adhesive 2000-NF with Spray Activator. The Dygert Seating Division of Flexsteel also may have purchased small supplies and/or sampled the following adhesives, none of which contained TCE: BSA 5080, Contact Adhesive 30107, and M-6302 Adhesive.

Individuals with information responsive to this Request include Jerry Alexander, Dave Dygert, Greg Lucchese, Dennis Brosh of Chem-Tech, and Paul Bender of Benders Wholesale Distributors.

Respectfully Submitted,
